

## **Dom Pérignon Lounge & Raw Bar in the exclusive garden of the Bulgari Hotel**

This spring and summer, the **Bulgari Hotel in Milan** and **Dom Pérignon** are presenting a unique champagne tasting opportunity in the *Dom Pérignon Lounge & Raw Bar*, which is located in the exclusive surroundings of the hotel garden.

In the informal but sophisticated new setting, guests can taste the Dom Pérignon champagne collection by the bottle or the glass, from Blanc and Rosé to P2 Second Plénitude, as well as an exclusive selection of 1990 Cœnothèque and 1969 Cœnothèque. They are paired with the refined culinary delights of Roberto Di Pinto, the executive chef of the Bulgari restaurant.

The Dom Pérignon Lounge & Raw Bar is the first and only establishment of its kind in Italy and it aims to break new ground on the Milan social scene. It is open from Tuesday to Saturday from 6.30 pm until midnight and it can also be booked for private parties, for an authentic Bulgari experience.

A sommelier is available to guide guests as they select cuvées and to recommend vertical tastings of distinctive, exquisite vintages complemented by a special array of raw food. For the à la carte menu, the chef proposes a succession of surprises and unexpected flavours that create astonishing contrasts and magical blends when paired with Dom Pérignon champagne.

The new Dom Pérignon Lounge & Raw Bar is hidden away in the most secluded part of the garden behind a tall copper beech hedge that embraces the inviting, cosmopolitan premises adorned with the unmistakable company crest. The refined, elegant location contains lounges for aperitifs and dining, as well as areas such as a drinks bar, a food bar, a DJ booth and a welcome desk.

All of the furniture has been made to measure by **Cassina Contract**, which boasts vast experience in high-end B2B furnishings. It has perfectly conveyed the sense of 5-star hospitality offered by Bulgari Hotels & Resorts and wonderfully embodied its brand identity.

A number of delicate panels surround the area. Light filters through the criss-cross design of the frames and vertical posts, creating a soft, enveloping and welcoming atmosphere throughout the day, with no clear divisions between the inside and the outside of the premises.

All of this comes together to produce glamorous experiences for guests that marvellously encapsulate the innovative spirit of the big names behind this exclusive initiative: Dom Pérignon and Bulgari Hotels & Resorts.
